3 year worming plan

...the long term plan for
effective, reliable
worm control

Active3 is a comprehensive worm control plan devised to protect the long term health and well-being of your horses.

It will help to control **everything** on the opposite page **reliably** and **effectively** in one comprehensive programme.

And to make it really **simple**, we've produced an **Active3** worming planner for you to keep.

Ask your usual animal health supplier for more details – and a copy of the **Active3** brochure, which will **remove all the confusion** from horse worming for good!

3 year worming plan

Three effective target wormers in one **simple** programme

Ask for a copy of the **Active3** brochure, which tells you everything you need to know about worming in straightforward, **simple English!**

Active3 uses three proven effective **target wormers:**

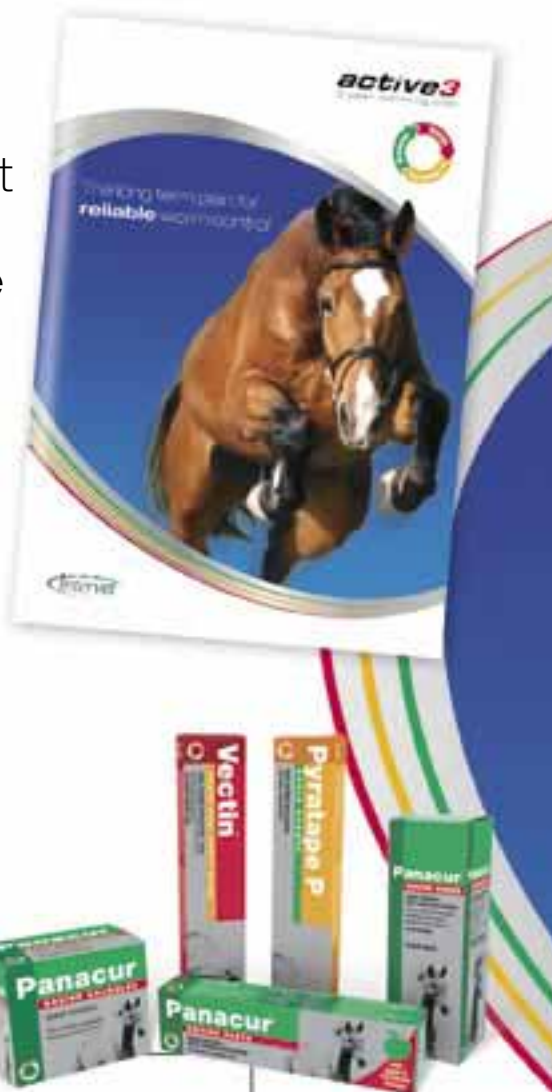

- **Vectin® Horse Paste** for **bots**
- **Pyratape® P** for **tapeworm**
- **Panacur® Equine Guard** for **encysted small redworm**

Together they combine to produce a three year worming plan that is **simple, effective** and **reliable**.

For more details, ask your supplier...
